What Our Client Say

Client Testimonials

Trusted by 765+ active clients across Australia's leading industrial, food, beverage, healthcare and government organisations.

Outstanding service, scheduling and response. One of the best maintenance contracts I have been involved in across my 20+ years in the industry.

*Western District
Health Service*

Their attention to detail was first rate. Thank you for a great job coordinating the whole process. A truly professional team from start to finish.

Scalzo Foods

The upgrade of our boiler was completed in a very professional manner, ahead of schedule and without incident. A credit to all involved.

CSF Proteins

Our Commitment to a Better Tomorrow

The O'Brien Rule of 25

Our Goal by 2028

Improve performance for all thermal producing systems in Australia by a factor of 25%.

25%

Reduction in CO₂ emissions

25%

Less dependence on non-renewable fuels

25%

Efficiency gain across all equipment we supply & maintain

Committed to AS/NZS4801, ISO14001 and ISO9001 compliance, working towards full HSEQ certification across all operations.

Minimising environmental impact at every worksite by identifying and managing environmental aspects and impacts as standard practice.

Zero-incident culture: eliminate workplace safety incidents, investigate non-conformances and ensure continuous improvement.

Setting tough but achievable HSEQ objectives with regular progress monitoring and transparent reporting.

"The health and safety of all employees at O'Brien's is of the utmost importance and always front of mind. We pride ourselves on having the best systems and processes in place, and we choose safety as the glue that keeps our company together. Our safety record is good, but we intend for it to be great."
